NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies and Going Concern

A. Accounting Practices

The accompanying statutory financial statements of Coventry Health Care of Missouri, Inc. (the “Company”), indirectly a wholly-owned subsidiary of CVS Health Corporation (“CVS Health”), have been prepared in conformity with accounting practices prescribed or permitted by the Missouri Department of Insurance (“Missouri Department”) ("Missouri Accounting Practices"). The Missouri Department recognizes statutory accounting practices prescribed or permitted by the State of Missouri for determining and reporting the financial condition and results of operations of an insurance company, which include accounting practices and procedures adopted by the National Association of Insurance Commissioners' (“NAIC”) *Accounting Practices and Procedures Manual* (“NAIC SAP”). On November 28, 2018, CVS Health acquired Aetna Inc. (“Aetna”) and at that date became the Company’s ultimate parent (the “Aetna Acquisition”).

A reconciliation of the Company’s net income and capital and surplus between NAIC SAP and practices prescribed and permitted by the State of Missouri for the years ending December 31, 2019 and 2018 is as follows:

	SSAP #	F/S Page	F/S Line #	2019	2018

B. Use of Estimates in the Preparation of the Financial Statements

The preparation of these financial statements in conformity with Missouri Accounting Practices requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and revenue and expenses. Actual results could differ from those estimates.

C. Accounting Policies

The Company applies the following significant accounting policies:

(1) Cash, Cash Equivalents and Short-Term Investments

Cash, cash equivalents and short-term investments, consisting primarily of money market instruments and other debt issues with an original maturity of up to one year, are carried at amortized cost. Short-term investments consist primarily of investments purchased with an original maturity date of greater than three months but less than one year. Cash equivalents consist of highly liquid instruments, which mature within three months from the date of purchase. The carrying amount of cash, cash equivalents and short-term investments approximates fair value. Cash accounts with positive balances shall not be reported separately from cash accounts with negative balances. If in the aggregate, the reporting entity has a net negative cash balance, it shall be reported as a negative asset and shall not be recorded as a liability.

(2) Bonds

Bonds, which include special deposits, are carried at amortized cost except for those bonds with an NAIC designation of 3 through 6, which are carried at the lower of amortized cost or fair value. The amount carried at fair value is not

NOTES TO FINANCIAL STATEMENTS

material to the financial statements. Bond premiums and discounts are amortized using the scientific interest method. When quoted prices in active markets for identical assets are available, the Company uses these quoted market prices to determine the fair value of bonds. This is used primarily for U.S. government securities. In other cases where a quoted market price for identical assets in an active market is either not available or not observable, the Company estimates fair values using valuation methodologies based on available and observable market information or by using a matrix pricing model. If quoted market prices are not available, the Company determines fair value using broker quotes or an internal analysis of each investment's financial performance and cash flow projections. The Company had no investments where fair value was determined using broker quotes or an internal analysis of financial performance and cash flow projections at December 31, 2019 and 2018. Bonds include all investments whose maturity is greater than one year when purchased. Loan-backed and structured securities are carried at amortized cost adjusted for unamortized premiums and discounts and are accounted for using the retrospective adjustment method. Premiums and discounts on loan-backed and structured securities are amortized using the scientific method over the estimated remaining term of the securities, adjusted for anticipated prepayments. All adjustments between amortized cost and carrying value are reflected in unrealized capital gains and losses and are reported as direct adjustments to surplus.

Bonds are recorded as purchases or sales on the trade date.

The Company periodically reviews its bonds to determine whether a decline in fair value below the carrying value is other-than-temporary. For bonds, other than loan-backed and structured securities ("LB&SS"), an other-than-temporary impairment ("OTTI") shall be recorded if it is probable that the Company will be unable to collect all amounts due according to the contractual terms in effect at the date of acquisition. Declines deemed to be OTTI in the cost basis are recognized as realized capital losses. Yield-related impairments are deemed other-than-temporary when the Company intends to sell an investment at the reporting date before recovery of the cost of the investment.

For LB&SS, the Company records OTTI when the fair value of the loan-backed or structured security is less than the amortized cost basis at the balance sheet date and (1) the Company intends to sell the investment, or (2) the Company does not have the intent and ability to retain the investment for the time sufficient to recover the amortized cost basis, or (3) the Company does not expect to recover the entire amortized cost basis of the security, even if it does not intend to sell the security and has the intent and ability to hold. If it is determined an OTTI has occurred because of (1) or (2), the amount of the OTTI is equal to the difference between the amortized cost and the fair value of the security at the balance sheet date and this difference is recorded as a realized capital loss. If it is determined an OTTI has occurred because of (3), the amount of the OTTI is equal to the difference between the amortized cost and the present value of cash flows expected to be collected, discounted at the loan-backed or structured security's effective interest rate and this difference is also accounted for as a realized capital loss.

The Company analyzes all relevant facts and circumstances for each investment when performing its analysis to determine whether an OTTI exists. Among the factors considered in evaluating whether a decline is other-than-temporary, management considers whether the decline in fair value results from a change in the quality of the investment security itself, whether the decline results from a downward movement in the market as a whole, the prospects for realizing the carrying value of the bond based on the investee's current and short-term prospects for recovery and other factors. The risks inherent in assessing the impairment of an investment include the risk that market factors may differ from the Company's expectations and the risk that facts and circumstances factored into its assessment may change with the passage of time. Unexpected changes to market factors and circumstances that were not present in past reporting periods may result in a current period decision to sell securities that were not other-than-temporarily-impaired in prior reporting periods.

(3) The Company did not own any common stock at December 31, 2019 or 2018.

(4) The Company did not own any preferred stock at December 31, 2019 or 2018.

(5) Mortgage Loans

Mortgage loans on real estate ("Mortgage Loans") are carried at unpaid principal balances, adjusted for accrual of discounts and amortization of premiums. Mortgage loans funding and repayments are recorded on the closing date. Fair values are estimated by discounting expected mortgage loan cash flows at market rates that reflect the rates at which similar loans would be made to similar borrowers. These rates reflect management's assessment of the credit quality and the remaining duration of the loans. The fair value estimates of mortgage loans of lower credit quality, including problem and restructured loans, are based on the estimated fair value of the underlying collateral. Payment receipts on impaired loans are recorded on the cash basis. The Company recognizes interest income on impaired loans when received. The Company considers a loan impaired when it is probable that the loan will be uncollectible based on its contractual terms. The Company measures the impairment based on the fair value of the collateral less estimated costs to obtain and sell. The difference between the net value of the collateral and the recorded investment in the mortgage loan is recorded as a valuation allowance with a corresponding charge to unrealized loss. If the impairment is deemed other-than-temporary, a write-down is recognized as a realized loss, and a new cost basis is established. This new cost basis is not changed for subsequent recoveries in value. Mortgage loans for which foreclosure is probable are considered permanently impaired.

(6) The Company did not have any investments in subsidiaries, controlled or affiliated companies at December 31, 2019 or 2018.

(7) Other Invested Assets

Other invested assets consist primarily of partnerships and equity subsidiaries. Partnerships and equity subsidiaries are reported using the equity method. Unaudited other invested assets are nonadmitted as they do not meet the admissibility

NOTES TO FINANCIAL STATEMENTS

requirements of SSAP No. 48, *Joint Ventures, Partnerships and Limited Liability Companies* and SSAP No. 97, *Investments in Subsidiary, Controlled and Affiliated Entities*, which requires prescribed types of audited financial statements of the investments. The Company periodically reviews other invested assets for impairment. An impairment shall be considered to have occurred if it is probable that the Company will be unable to recover the carrying amount of the investment or there is evidence indicating the inability of the investee to sustain earnings which would justify the carrying amount of the investment.

(8) The Company did not have any derivatives at December 31, 2019 or 2018.

(9) Aggregate Health Policy Reserves and Related Expenses

Premium deficiency reserves ("PDR") are recognized when it is probable that the expected future hospital and medical costs, including maintenance costs, will exceed anticipated future premiums and reinsurance recoveries on existing contracts. Where allowed, anticipated investment income is considered in the calculation of any PDR. For purposes of calculating a PDR, contracts are grouped in a manner consistent with the method of acquiring, servicing and measuring the profitability of such contracts. The Company had no PDR at December 31, 2019 and 2018.

Unearned premium reserves ("UEP") are recognized for premiums that are recorded by the Company that have not been earned as of the statement date. The Company had no UEP at December 31, 2019 and 2018.

The Company is required to make premium rebate payments to customers that are enrolled under certain health insurance policies if specific minimum annual medical loss ratios ("MLR") were not met in the prior year. The Company's results for full year 2019 and 2018 include estimates of \$7,203,416 and \$1,226,956, respectively, of minimum MLR rebates, which were included in aggregate health policy reserves in the Statutory Statements of Liabilities and Capital and Surplus.

The Company reported liabilities associated with contracts subject to redetermination as aggregate health policy reserves in accordance with SSAP No. 54R - *Individual and Group and Accident Health Contracts* ("SSAP No. 54R") and SSAP No. 107 - *Risk-Sharing Provisions of the Affordable Care Act* ("SSAP No. 107"). Liabilities associated with estimated adjustments to premium payments to the Company's Medicare plans based on the health status of its Medicare members are included as part of the Company's contracts subject to redetermination. Amounts related to these liabilities are included in the \$25,378,926 and \$26,622,643 of additional amounts included in aggregate health policy reserves at December 31, 2019 and 2018, respectively. In addition, the Company did not have any Affordable Care Act ("ACA") Risk Adjustment Payables in aggregate health policy reserves at December 31, 2019 and 2018.

(10) Hospital and Medical Costs and Claims Adjustment Expenses and Related Reserves

Hospital and medical costs consist principally of fee-for-service medical claims and capitation costs. Claims unpaid and aggregate health claim reserves include the Company's estimate of payments to be made on claims reported but not yet paid and for health care services rendered to enrollees but not yet reported to the Company as of the Statutory Statements of Assets and Liabilities, Capital and Surplus date. Such estimates are developed using actuarial principles and assumptions, which consider, among other things, historical and projected claim submission and processing payment patterns, medical cost trends, historical utilization of health care services, claim inventory levels, medical inflation, contract requirement changes in membership and product mix, seasonality and other relevant factors. The Company reflects changes in estimates in hospital and medical costs in the Statutory Statements of Revenue and Expenses in the period they are determined. Capitation costs, which are recorded in hospital and medical expenses in the Statutory Statements of Revenue and Expenses, represent contractual monthly fees paid to participating physicians and other medical providers for providing medical care, regardless of the medical services provided to the enrollee.

The Company uses the triangulation method to estimate reserves for claims incurred but not reported. The method of triangulation makes estimates of completion factors that are then applied to the total paid claims (net of coordination of benefits) to date for each incurral month. This provides an estimate of the total projected incurred claims and total amount outstanding or claims incurred but not reported (claims unpaid). For the most current dates of service where there is insufficient paid claim data to rely solely on the triangulation method, the Company examines cost and utilization trends as well as environmental factors, plan changes, provider contracts, changes in membership and/or benefits, and historical seasonal patterns to estimate the reserve required for these months.

Claims adjustment expenses, which include cost containment expenses, represent the costs incurred related to the claim settlement process such as costs to record, process and adjust claims. These expenses are included in the Company's management agreement with an affiliate described in Note 10.

(11) The Company has not modified its capitalization policy from the prior period.

(12) Pharmaceutical Rebate Receivables

The Company estimates pharmaceutical rebate receivables based upon historical payment trends, actual utilization and other variables. Pharmaceutical rebates for a quarter are billed to the vendor within one month of the completion of the quarter with any adjustment to previously recorded amounts reflected at the time of billing. The Company reports pharmaceutical rebate receivables as health care receivables. Pharmacy rebate receivables not in accordance with SSAP No. 84 - *Health Care and Government Insured Plan Receivables* or are over 90 days past due are nonadmitted. All rebates are processed and settled monthly with an affiliated entity, including adjustments to previously billed periods. The pharmaceutical rebate receivables are more fully discussed in Note 28.

NOTES TO FINANCIAL STATEMENTS

(13) Premiums and Amounts Due and Unpaid

Premium revenue for prepaid health or dental care products is recognized as income in the month in which enrollees are entitled to health or dental care services. Premiums collected before the effective period are reported as premiums received in advance. Premiums related to unexpired contractual coverage periods are reported as unearned premiums in the Statutory Statements of Liabilities, Capital and Surplus (refer to discussion of aggregate health policy reserves and related expenses above).

Nonadmitted amounts consist of all premiums due and unpaid greater than 90 days past due, with the exception of amounts due under government insured plans, which may be admitted assets under certain circumstances. In addition, for any customer for which the premiums due and unpaid greater than 90 days past due is more than a de minimus portion of the entire balance of premiums due and unpaid for that customer, the entire balance of premiums due and unpaid for that customer is nonadmitted. Management also performs a specific review of accounts and based on the results of the review, additional amounts may be nonadmitted. Uncollectible amounts are generally written-off and charged to revenue in the period in which the customer reconciliations are completed and agreed to by the customer (retroactivity) or when the account is determined to be uncollectible by the Company.

(14) Aggregate Health Claim Reserves

The reserve for future contingent benefits includes the estimated cost of services that will continue to be incurred after the Statutory Statements of Liabilities, Capital and Surplus date if the Company is obligated to pay for such services in accordance with contract provisions or regulatory requirements. These balances are recorded in aggregate health claim reserves in the Statutory Statements of Liabilities, Capital and Surplus and are estimated using a percentage of current hospital and medical costs, which is based on the Company's historical cost experience.

(15) Investment Income Due and Accrued

Accrued investment income consists primarily of interest. Interest is recognized on an accrual basis and dividends are recorded as earned on the ex-dividend date. Due and accrued income is not recorded on: (a) bonds in default; and (b) bonds delinquent more than 90 days or where collection of interest is improbable. At December 31, 2019 and 2018, the Company did not have any nonadmitted investment income due and accrued.

(16) Covered and Uncovered Expenses and Related Liabilities

Covered expenses and related liabilities represent costs for health care expenses for which a member is not responsible in the event of the insolvency of the Company. Uncovered expenses and related liabilities represent costs to the Company for health care services that are the obligation of the Company and for which a member may also be liable in the event of the Company's insolvency.

(17) Fees Paid to the Federal Government by Health Insurers

SSAP No. 106 - *Affordable Care Act Section 9010 Assessment* ("SSAP No. 106") required (1) that the health insurer fee be recognized in full on January 1 of the fee year (the calendar year in which the assessment must be paid to the federal government), in the operating expense category of insurance taxes, licenses and fees, excluding federal income taxes and (2) that in each data year preceding a fee year a reporting entity pro-ratably accrue by reclassifying from unassigned funds (surplus) to aggregate write-ins for special surplus funds an amount equal to its estimated subsequent fee year assessment. This reclassification has no impact on total capital and surplus and is reversed in full on January 1 of the fee year. On January 22, 2018, Public Law No: 115-120 was signed into law and it imposes a moratorium on the health insurer fee for calendar year 2019. As interpreted in INT 18-02: ACA Section 9010 Assessment Moratoriums, because there was not an ACA Section 9010 fee due in September 2019, there was not an accrual of a liability on January 1, 2019 based on 2018 data year net written premiums. Accrual of a liability on January 1, 2020 for the ACA Section 9010 assessment based on 2019 data year net written premiums and the reclassification from unassigned funds (surplus) to aggregate write-ins for special surplus funds equal to the estimated 2020 fee year assessment accrued in data year 2019 will both continue as prescribed under SSAP No. 106. See Note 22 for disclosure of all amounts related to the health insurer fee for the Company.

(18) The Patient Protection and Affordable Care Act and the Health Care and Education Reconciliation Act of 2010's (collectively, the "ACA") Risk Adjustment

Risk Adjustment

The ACA established a permanent risk adjustment program to transfer funds from qualified individual and small group insurance plans with below average risk scores to plans with above average risk scores. Based on the risk of the Company's qualified plan members relative to the average risk of members of other qualified plans in comparable markets, the Company estimates its ultimate risk adjustment receivable or payable for the current calendar year and reflects the impact as an adjustment to its premium revenue in accordance with SSAP No. 107.

(19) Federal and State Income and Premium Taxes

Aetna and its wholly-owned subsidiaries are included in the consolidated federal income tax return of its parent company, CVS Health, pursuant to the terms of a tax sharing agreement (and a Supplemental Tax Sharing Agreement where applicable) between CVS Health and the Company.

NOTES TO FINANCIAL STATEMENTS

In accordance with the agreements, the Company's current federal and state income tax provisions are generally computed as if the Company were filing a separate federal and state income tax return; current income tax benefits, including those resulting from net operating losses, are recognized to the extent expected to be realized in the consolidated return. Pursuant to the agreements, the Company has the enforceable right to recoup federal and state income taxes paid in prior years in the event of future net losses, which it may incur, or to recoup its net losses carried forward as an offset to future net income subject to federal and state income taxes.

Income taxes are accounted for under the asset and liability method. Deferred income tax assets ("DTAs") and liabilities ("DTLs") represent the expected future tax consequences of temporary differences generated by statutory accounting as defined in SSAP No. 101 - *Income Taxes*. DTAs and DTLs are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. DTAs and DTLs are computed by means of identifying temporary differences which are measured using a balance sheet approach whereby statutory and tax basis balance sheets are compared. Current income tax recoverables include all current income taxes, including interest, reasonably expected to be recovered in a subsequent accounting period.

Pursuant to SSAP No. 101, gross DTAs are first reduced by a statutory valuation allowance adjustment to an amount that is more likely than not to be realized ("adjusted gross DTAs"). Adjusted gross DTAs are then admitted in an amount equal to the sum of paragraphs a. b. and c. below:

- a. Federal income taxes paid in prior years that can be recovered through loss carrybacks for existing temporary differences that reverse during a timeframe corresponding with Internal Revenue Code ("IRC") tax loss carryback provisions.
- b. The amount of adjusted gross DTAs, after the application of paragraph a. above, expected to be realized within the applicable period and that is no greater than the applicable percentage as determined using the applicable Realization Threshold Limitation Table. The applicable period refers to the number of years in which the DTA will reverse in the Company's tax return and the applicable percentage refers to the percentage of the Company's statutory capital and surplus as required to be shown on the statutory balance sheet adjusted to exclude any net DTAs, electronic data processing equipment and operating system software and any net positive goodwill ("Stat Cap ExDTA").

The Realization Threshold Limitation Tables allow DTAs to be admitted based upon either realization within 3 years and 15% of Stat Cap ExDTA, 1 year and 10% of Stat Cap ExDTA, or no DTA admitted pursuant to this paragraph b. In general, the Realization Threshold Limitation Tables allow the Company to admit more DTAs if total DTAs as reported by the Company are a smaller percentage of statutory capital and surplus.

- c. The amount of gross DTAs, after the application of paragraphs a. and b. above that can be offset against existing gross DTLs. In applying this offset, the Company considers the character (i.e. ordinary versus capital) of the DTAs and DTLs such that offsetting would be permitted in the tax return under existing enacted federal income tax laws and regulations and the reversal patterns of temporary differences.

Changes in DTAs and DTLs are recognized as a separate component of gains and losses in surplus ("Change in net deferred income tax") except to the extent allocated to changes in unrealized gains and losses. Changes in DTAs and DTLs allocated to unrealized gains and losses are netted against the related changes in unrealized gains and losses and are reported as "Change in net unrealized capital gains (losses)", also a separate component of gains and losses in surplus.

The Company is subject to state income taxes in various states. State income tax expense is recorded in general administrative expenses in the Statutory Statements of Revenue and Expenses. For the years ended December 31, 2019 and 2018, the Company incurred state income tax expenses of \$1,445,137 and \$393,747, respectively. The Company had no state income tax payables at December 31, 2019 or 2018 included in general expenses due or accrued in the Statutory Statements of Liabilities, Capital and Surplus. The Company had \$2,299,924 and \$2,912,037 of state income tax receivables at December 31, 2019 and 2018, respectively. These balances were included as aggregate write-in's for other than invested assets in the Statutory Statements of Assets.

The Company is subject to premium taxes in various states. These tax expenses were recorded in general administrative expenses in the Statutory Statements of Revenue and Expenses. The expenses for these taxes were \$0 and \$1,500 for the years ended December 31, 2019 and 2018, respectively. The Company had no premium taxes payable at December 31, 2019 and 2018, respectively, were included in general expenses due or accrued in the Statutory Statements of Liabilities, Capital and Surplus. The Company had an overpayment of premium taxes of \$0 and \$137,834 at December 31, 2019 and 2018, respectively, which were included as a write-in in the Statutory Statements of Assets.

(20) Reinsurance

In the normal course of business, the Company seeks to reduce the loss that may arise from catastrophes or other events that cause unfavorable underwriting results and to help balance its risks and capital by reinsuring certain levels of risk with other insurance enterprises. The reinsurance coverage does not relieve the Company of its primary obligations. Reinsurance premiums and reserves related to reinsured business are accounted for on a basis consistent with those used in accounting for the original policies issued and the terms of the reinsurance contracts. Premiums ceded for medical losses and the related unpaid reserves have been reported as reductions of these items. The reinsurance agreements are more fully discussed in Notes 10 and 23.

D. Going Concern

NOTES TO FINANCIAL STATEMENTS

As of February 28, 2020, management evaluated whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Company's ability to continue as a going concern and management has determined that it is not probable that the Company will be unable to meet its obligations as they become due within one year after the financial statements are available to be issued. Management will continuously evaluate the Company's ability to continue as a going concern and will take appropriate action and will make appropriate disclosures if there is any change in any condition or events that would raise substantial doubt about the Company's ability to continue as a going concern.

2. Accounting Changes and Corrections of Errors

The Company did not have any accounting changes or correction of errors in the years ended December 31, 2019.

The Company made a change in the method of applying the accounting principle related to Medicare outreach monthly premium receivables. For 2017 and prior years, the Company was including the Medicare outreach receivables on the Statements of Assets, line 17, amounts receivable relating to uninsured plans based on a previous interpretation of SSAP guidance. For 2018, in reviewing the SSAP and discussing with the Missouri Department it was determined that the Centers for Medicare & Medicaid Services ("CMS") outreach receivables should be on the Statement of Assets, line 15.1, Uncollected premiums and agents' balances in the course of collection.

3. Business Combinations and Goodwill

The Company was not a part of any business combinations that involved the statutory purchase method, a statutory merger, an assumption reinsurance, or an impairment loss in the years ending December 31, 2019 and 2018.

4. Discontinued Operations

The Company did not have any discontinued operations in the years ending December 31, 2019 and 2018.

5. Investments

A. Mortgage Loans, including Mezzanine Real Estate Loans.

- (1) The Company did not have new mortgage loans in 2019.

NOTES TO FINANCIAL STATEMENTS

The valuation allowance adjustment to gross DTAs was \$0 and \$710,353 for December 31, 2019 and 2018, respectively. The Company bases its estimates of the future realization of DTAs primarily on historic taxable income and existing DTLs.

D. The provision for federal income taxes is different from that which would be obtained by applying the statutory federal income tax rate to income before income taxes. The items causing this difference were as follows:

	12/31/2019	Effective Tax Rate	12/31/2018	Effective Tax Rate
Provision computed at statutory rate	\$ 9,711,531	21.0 %	\$ 2,131,921	21.0 %

Total	<u>\$ 8,556,460</u>	<u>18.5 %</u>	<u>\$ 5,915,068</u>	<u>58.3 %</u>
Federal and foreign income taxes incurred	\$ 8,132,546	17.6 %	\$ 3,908,631	38.5 %
Change in net deferred income taxes	423,914	0.9 %	2,006,437	19.8 %
Total statutory income taxes	<u>\$ 8,556,460</u>	<u>18.5 %</u>	<u>\$ 5,915,068</u>	<u>58.3 %</u>

The transfer pricing adjustment allows taxpayers to apply different methods to price current period intercompany services at arm’s length prices (i.e., prices at which unrelated entities would be willing to transact), which results in a permanent deduction for tax reporting purposes.

E.

The terms of settlement require that these amounts be settled within 45 days after the end of the calendar quarter.

- E. At December 31, 2019, the Company has a guarantor agreement with Aetna. The agreement provides that in the event of the Company's insolvency, Aetna will pay all expenses and claims incurred by the Company during insolvency pursuant to the obligation with employer groups and subscribers until the end of the subscription contract period for which premiums have been received.
- F. As of and for the years ended December 31, 2019 and 2018, the Company had the following significant transactions with affiliates:

The Company and Aetna Health Management, LLC (“AHM”) are parties to an administrative services agreement, under which AHM provides certain administrative services, including accounting and processing of premiums and claims. Under this agreement, the Company remits a percentage of its earned commercial, Medicaid and Medicare premium revenue, as applicable, to AHM as a fee, subject to an annual true up mechanism as defined in the agreement. Under the agreement, this true-up is due to be settled with the affiliate by April 15th of the following contract year (which is January 1 to December 31 annually). The terms of settlement require that these amounts be settled within 45 days after the end of the calendar quarter. For these services, the Company was charged \$113,887,454 and \$104,697,412 in 2019 and 2018, respectively.

The Company is a party to an agreement which enables the Company to receive manufacturers' pharmacy rebates from AHM under which the Company remits a percentage of its earned pharmaceutical rebates to AHM as a fee. The Company earned pharmaceutical rebates of \$43,727,289 and \$38,976,421, which were recorded as a reduction of medical costs, in 2019 and 2018, respectively. The Company was charged \$4,372,729 and \$3,897,642, which were recorded as administrative expenses, for these services in 2019 and 2018, respectively.

These agreements also provide for interest on all intercompany balances. Company did not earned any interest on amounts due from affiliates 2019 and 2018. Interest incurred on amounts due to affiliates was \$489,052 in 2019 and \$357,165 in 2018.

MHNet Specialty Services, LLC (“MHNet”), a related party, provides mental health services to the Company’s members. The Company pays MHNet a monthly fee based on a PMPM capitation rate. The rates are amended annually and the amendments are approved by the Missouri Department. The Company paid MHNet \$5,498,937 and \$5,048,928 in capitation fees for the years ended December 31, 2019 and 2018, respectively.

As explained in Note 1, Aetna and its wholly-owned subsidiaries, including the Company, participate in a tax sharing agreement with CVS Health. All federal income tax receivables/payables are due from/due to CVS Health.

- G. All outstanding shares of the Company are owned by Aetna Health Holdings, LLC, whose ultimate parent is CVS Health.
- H. At December 31, 2019, the Company did not own shares of an upstream intermediate entity or CVS Health, either directly or indirectly.
- I. At December 31, 2019, the Company did not hold any investments in any subsidiary, controlled or affiliated (“SCA”) entity that exceeded 10% of the Company’s admitted assets.
- J. At December 31, 2019, the Company did not hold any investments in any impaired SCA entity.
- K. At December 31, 2019, the Company did not hold any investments in any foreign insurance subsidiaries.
- L. At December 31, 2019, the Company did not hold any investments in a downstream noninsurance holding company.

NOTES TO FINANCIAL STATEMENTS

M. At December 31, 2019, the Company did not have any SCA investments.

N. At December 31, 2019, the Company did not have any investments in an insurance SCA.

O. The Company did not have any SCA or SSAP No. 48 entity investments where the Company's share of losses in the SCA exceeds its investment in the SCA.

11. Debt

A. The Company did not have any items related to debt, including capital notes at December 31, 2019.

B. The Company did not have any Federal Home Loan Bank agreements at December 31, 2019.

12. Retirement Plans, Deferred Compensation, Postemployment Benefits and Compensated Absences and Other Postretirement Benefit Plans

The Company did not have a retirement plan, deferred compensation plan, or other postretirement benefit plan at December 31, 2019 or 2018.

13. Capital and Surplus, Shareholders' Dividend Restrictions and Quasi-Reorganizations

(1) The Company had 10 shares of common capital stock authorized, issued and outstanding with a par value of \$1 per share at December 31, 2019 and 2018.

(2) The Company had no shares of preferred stock issued and outstanding at December 31, 2019 and 2018.

(3) Dividend Restrictions

In accordance with Missouri statutes, the Company shall not pay any extraordinary dividend unless the company has notified the Missouri Department in writing at least 30 days prior thereto or such shorter period as the Missouri Department may permit and the Missouri Department has not disapproved it within such period. An extraordinary dividend is any dividend or other distribution which, together with other dividends and distributions made within the preceding 12 months, exceeds the greater of: ten percent of such insurer's surplus as regards policyholders as of the preceding December 31; or the net income of such insurer for the period covered by such statement, but shall not include pro rata distributions of any class of the insurer's on securities. The Company may not make a non-extraordinary dividend without prior notification to the Missouri Department within five business days following the declaration thereto and at least ten days, commencing from the date of receipt by the Missouri Department, prior to the payment thereof. Ordinary dividends are ultimately limited to earned surplus.

(4) The Company paid \$8,171,647 as an ordinary dividend to its parent on September 20, 2019. The Company paid \$7,724,246 as an ordinary dividend to its parent on September 17, 2018.

The Company paid \$21,828,353 as an extraordinary dividend to its parent on September 20, 2019. The Missouri Department approved this dividend on September 18, 2019. The Company paid \$42,275,754 as an extraordinary dividend to its parent on September 17, 2018. The Missouri Department approved this distribution on August 30, 2018.

The Company did not receive any capital contributions or pay any returns of capital in 2019 or 2018.

(5) Within the limitations of (3) above, there are no other restrictions placed on the portion of the Company profits that may be paid as ordinary dividends to the stockholder.

(6) There were no restrictions placed on the Company's surplus, including for whom the surplus is being held.

(7) The Company had no advances to surplus not repaid.

(8) The Company did not hold any stock for any special purposes at December 31, 2019 or 2018.

(9) Changes in the balances of special surplus funds from the prior year are due to the accrual of estimated 2020 ACA health insurer fees reclassified from unassigned funds (surplus) to aggregate write-ins for special surplus funds as discussed more fully in Notes 1 and 22.

(10) At December 31, 2019 and 2018, there was \$1,393,771 and (\$1,406,783), respectively, of unassigned funds that was represented or reduced by unrealized gains and losses.

(11) The Company has not issued any surplus notes or debentures or similar obligations at December 31, 2019 or 2018.

(12) The Company did not participate in any quasi-reorganizations during the statement year.

(13) The Company did not participate in any quasi-reorganizations in the past 10 years.

14. Liabilities, Contingencies and Assessments

NOTES TO FINANCIAL STATEMENTS

A. The Company did not have any contingent commitments at December 31, 2019 or 2018.

B. Assessments

Guaranty Fund Assessments

(1) Under guaranty fund laws existing in all states, insurers doing business in those states can be assessed (in most states up to prescribed limits) for certain obligations of insolvent insurance companies to policyholders and claimants. The life and health insurance guaranty associations in which the Company participates that operate under these laws respond to insolvencies of long-term care insurers as well as health insurers. The Company's assessments generally are based on a formula relating to the Company's health care premiums in the state compared to the premiums of other insurers. Certain states allow assessments to be recovered over time as offsets to premium taxes. Some states have similar laws relating to HMOs and/or other payers such as not-for-profit consumer-governed health plans established under the ACA.

The Company did not have any contingent assessments at December 31, 2019 or 2018.

C. The Company did not have any gain contingencies at December 31, 2019 or 2018.

D. The Company did not have any claims related extra contractual obligation and bad faith losses stemming from lawsuits at December 31, 2019 or 2018.

E. The Company did not have any joint and several liability arrangements at December 31, 2019 or 2018.

F. Various liabilities arise in the normal course of the Company's business and have been recorded. In the opinion of management, any ultimate contingent losses will not have a material adverse effect on the Company's future results of operations and financial position. The Company, to the best of its knowledge, has no assets that it considers impaired that are not already recorded in the Company's books.

The Company maintains insurance coverage for certain litigation exposures in an amount it believes is reasonable.

15. Leases

The Company did not have any material lease obligations at December 31, 2019 or 2018.

16. Information about Financial Instruments with Off-Balance Sheet Risk and Financial Instruments with Concentrations of Credit Risk

The Company did not have any financial instruments with off-balance sheet risk or financial instruments with concentrations of credit risk at December 31, 2019 or 2018.

17. Sale, Transfer and Servicing of Financial Assets and Extinguishments of Liabilities

A. Transfers of Receivables Reported as Sales

The Company did not have any transfers of receivables reported as sales for the years ending December 31, 2019 or 2018.

B. Transfer and Servicing of Financial Assets

(1) The Company did not have any loaned securities at December 31, 2019 or 2018.

(2) and (3)

The Company did not have any servicing assets or liabilities at December 31, 2019 or 2018.

(4) The Company did not have any securitized financial assets at December 31, 2019 or 2018.

(5) The Company did not have any transfers of financial assets accounted for as secured borrowing at December 31, 2019 or 2018.

(6) The Company did not have any transfers of receivables with recourse at December 31, 2019 or 2018.

(7) The Company did not have any dollar repurchase or reverse repurchase agreements at December 31, 2019 or 2018.

C. Wash Sales

(1) In the course of the Company's asset management, securities are sold and reacquired within 30 days of the sale date to enhance the Company's yield on its investment portfolio.

(2) The Company had no securities sold during the year for the year ended December 31, 2019 and reacquired within 30 days of the sale date.

18. Gain or Loss to the Reporting Entity from Uninsured Plans and the Uninsured Portion of Partially Insured Plans

NOTES TO FINANCIAL STATEMENTS

- A. The Company did not serve as an Administrative Services Only plan administrator for uninsured accident and health plans or the uninsured portion of partially insured plans for the period ended December 31, 2019.
- B. The Company did not serve as an Administrative Services Contract (ASC) plan administrator for uninsured accident and health plans or the uninsured portion of partially insured plans for the period ended December 31, 2019.
- C. Medicare or Similarly Structured Cost Based Reimbursement Contract:
- (1) Revenue from the Company’s Medicare (or similarly structured cost based reimbursement contract) contract for the year 2019, consisted of \$865,196,344.
- (2) As of December 31, 2019, the Company has recorded receivables from the following payors whose account balances are greater than 10% of the Company's amounts receivable from uninsured accident and health plans or \$10,000:
- | | |
|--|--------------|
| Centers for Medicare and Medicaid Services | \$10,177,916 |
|--|--------------|
- (3) In connection with the Company’s Medicare (or similarly structured cost based reimbursement contract) contract, the Company has recorded allowance and reserves for adjustment of recorded revenues as and if applicable.
- (4) Centers for Medicare & Medicaid Services (“CMS”) periodically perform audits of Medicare revenue and may seek return of premium payments made to the Company if risk adjustment factors are not properly supported by medical record data. The Company estimates and records reserves for CMS audits based on information available at the time the estimates are made. Although the Company believes it maintains appropriate reserves for its exposure to the CMS audits, actual results could differ materially from those estimates.

19. Direct Premium Written/Produced by Managing General Agents/Third Party Administrators

The Company did not have any material direct premiums written through/produced by managing general agents or third party administrators for the years ended December 31, 2019 and 2018.

20. Fair Value Measurements

A. and B.

The Company had no material assets and liabilities that are measured and reported at fair value as of December 31, 2019 and 2018.

Certain of the Company's financial instruments are measured at fair value in the financial statements. The fair values of these instruments are based on valuations that include inputs that can be classified within one of three levels of a hierarchy. The following are the levels of the hierarchy and a brief description of the type of valuation information (“inputs”) that qualifies a financial asset or liability for each level:

- **Level 1** – Unadjusted quoted prices for identical assets or liabilities in active markets.
- **Level 2** – Inputs other than Level 1 that are based on observable market data. These include: quoted prices for similar assets in active markets, quoted prices for identical assets in inactive markets, inputs that are observable that are not prices (such as interest rates and credit risks) and inputs that are derived from or corroborated by observable markets.
- **Level 3** – Developed from unobservable data, reflecting the Company's own assumptions.

Financial assets and liabilities are classified based upon the lowest level of input that is significant to the valuation. When quoted prices in active markets for identical assets and liabilities are available, the Company uses these quoted market prices to determine the fair value of financial assets and liabilities and classifies these assets and liabilities as Level 1. In other cases where a quoted market price for identical assets and liabilities in an active market is either not available or not observable, the Company estimates fair value using valuation methodologies based on available and observable market information or by using a matrix pricing model. These financial assets and liabilities would then be classified as Level 2. If quoted market prices are not available, the Company determines fair value using broker quotes or an internal analysis of each investment’s financial performance and cash flow projections. Thus, financial assets and liabilities may be classified in Level 3 even though there may be some significant inputs that may be observable.

The valuation methods and assumptions used by the Company in estimating the fair value of debt securities are discussed in Note 1.

There were no material realized and unrealized capital gains, purchases, sales, settlements, or transfers into or out of the Company's Level 3 financial assets during 2019 or 2018.

Transfers in and out of all levels are recognized at the end of the reporting period of which the transfer occurred.

- C. The carrying values and estimated fair values of the Company's financial instruments at December 31, 2019 and 2018 were as follows:

December 31, 2019

NOTES TO FINANCIAL STATEMENTS

Type of Financial Instrument	Aggregate Fair Value	Admitted Assets	(Level 1)	(Level 2)	(Level 3)	Net Asset Value (NAV)	Not Practicable (Carrying Value)
Bonds, Short Term, and Cash Equivalents	\$ 190,533,520	\$182,963,027	\$ 43,901,102	\$ 146,632,418	\$ —	\$ —	\$ —
Mortgage Loans	5,772,814	5,741,230	—	—	5,772,814	—	—

December 31, 2018

Type of Financial Instrument	Aggregate Fair Value	Admitted Assets	(Level 1)	(Level 2)	(Level 3)	Net Asset Value (NAV)	Not Practicable (Carrying Value)
Bonds, Short Term, and Cash Equivalents	\$ 199,340,696	\$196,227,266	\$ 29,443,668	\$ 169,897,028	\$ —	\$ —	\$ —
Mortgage Loans	6,119,859	6,267,709	—	—	6,119,859	—	—

In evaluating the Company's management of interest rate and liquidity risk and currency exposures, the fair values of all assets and liabilities should be taken into consideration, not only those presented above.

- D. The Company did not have any financial instruments where it was not practicable to estimate the fair value.
- E. The Company has not elected to use the net asset value practical expedient to fair value to measure its investments.

21. Other Items

A. Unusual or Infrequent Items

The Company did not have any unusual or infrequent items for the years ended December 31, 2019 and 2018.

B. Troubled Debt Restructuring

The Company did not have any troubled debt restructuring in the years ended December 31, 2019 and 2018.

C. Other Disclosures

Minimum Capital and Surplus

Pursuant to the laws of the states in which the Company is licensed to do business, the Company is required to maintain a minimum surplus and capital stock as defined by the statutes and regulations of those states. At both December 31, 2019 and 2018, the Company was in compliance with the minimum surplus and capital stock requirements of the states in which it is licensed to do business.

The NAIC utilizes risk-based capital (“RBC”) standards for health organizations, including HMOs, that are designed to identify weakly capitalized companies by comparing each company’s adjusted capital and surplus to its required capital and surplus (the “RBC Ratio”). The RBC Ratio is designed to reflect the risk profile of the company. Within certain ratio ranges, regulators have increasing authority to take action as the RBC Ratio decreases. There are four levels of regulatory action, ranging from requiring insurers to submit a comprehensive plan to the state insurance commissioner to requiring the state insurance commissioner to place the insurer under regulatory control. At December 31, 2019 and 2018, the Company had capital and surplus that exceeded the highest threshold specified by the RBC rules.

Health Care Reform

The Patient Protection and Affordable Care Act and the Health Care and Education Reconciliation Act (collectively, the “ACA”), made broad-based changes to the United States health care system. While the Company anticipates continued efforts in 2020 and beyond to invalidate, modify, repeal or replace the ACA, the Company expects aspects of the ACA to continue to significantly impact the Company’s business operations and financial results, including pricing, medical benefit ratios (“MBRs”) and the geographies in which the Company’s products are available.

While most of the significant aspects of the ACA became effective during or prior to 2014, parts of the ACA continue to evolve through the promulgation of executive orders, legislation, regulations and guidance as well as ongoing litigation. Additional changes to the ACA and those regulations and guidance at the federal and/or state level are likely, and those changes are likely to be significant. Growing federal and state budgetary pressures make it more likely that any changes, including changes at the state level in response to changes to, or invalidation, repeal or replacement of, the ACA and/or changes in the funding levels and/or payment mechanisms of federally supported benefit programs, will be adverse to the Company. For example, if any elements of the ACA are invalidated or repealed at the federal level, the Company expects that some states would seek to enact similar requirements, such as prohibiting pre-existing condition exclusions, prohibiting rescission of insurance coverage, requiring coverage for dependents up to age 26, requiring guaranteed renewability of insurance coverage and prohibiting lifetime limits on insurance coverage.

Potential repeal of the ACA, ongoing legislative, regulatory and administrative policy changes to the ACA, the results of federal and state level elections, pending litigation challenging the constitutionality of the ACA or funding for the law and federal budget negotiations continue to create uncertainty about the ultimate impact of the ACA. The time frame for

NOTES TO FINANCIAL STATEMENTS

conclusion and final outcome and ultimate impact of this litigation are uncertain. Given the inherent difficulty of foreseeing the nature and scope of future changes to the ACA and how states, businesses and individuals will respond to those changes, the Company cannot predict the impact on it of future changes to the ACA. It is reasonably possible that invalidation, repeal or replacement of or other changes to the ACA and/or states' responses to such changes, in the aggregate, could have a significant adverse effect on the Company's businesses, results of operations and cash flows.

Medicare

The Company's Medicare Advantage and Standalone Prescription Drug Plan ("PDP") products are heavily regulated by CMS. The regulations and contractual requirements applicable to the Company and other private participants in Medicare programs are complex, expensive to comply with and subject to change. For example, in the second quarter of 2014, CMS issued a final rule implementing the ACA requirements that Medicare Advantage and PDP plans report and refund to CMS overpayments that those plans receive from CMS. The precise interpretation, impact and legality of this rule are not clear and are subject to pending litigation. Payments the Company receives from CMS for its Medicare Advantage and PDP businesses also are subject to risk adjustment based on the health status of the individuals enrolled. Elements of that risk adjustment mechanism continue to be challenged by the U.S. Department of Justice, the OIG and CMS itself. Substantial changes in the risk adjustment mechanism, including changes that result from enforcement or audit actions, could materially affect the amount of the Company's Medicare reimbursement, require the Company to raise prices or reduce the benefits offered to Medicare beneficiaries, and potentially limit the Company's (and the industry's) participation in the Medicare program.

The Company has invested significant resources to comply with Medicare standards, and its Medicare compliance efforts will continue to require significant resources. CMS may seek premium and other refunds, prohibit the Company from continuing to market and/or enroll members in or refuse to passively enroll members in one or more of the Company's Medicare or Medicare-Medicaid demonstration (historically known as "dual eligible") plans, exclude the Company from participating in one or more Medicare, dual eligible or dual eligible special needs plan programs and/or institute other sanctions and/or civil monetary penalties against the Company if it fails to comply with CMS regulations or its Medicare contractual requirements.

- D. The Company did not have any business interruption insurance recoveries for the years ending December 31, 2019 or 2018.
- E. The Company did not have any state transferable and non-transferable tax credits for the years ending December 31, 2019 or 2018.
- F. The Company did not have any subprime mortgage related risk exposures at December 31, 2019 or 2018.
- G. The Company did not have any retained assets at December 31, 2019 or 2018.
- H. The Company did not have any insurance-linked securities ("ILS") contracts at December 31, 2019 or 2018.
- I. The Company did not have amounts that could be realized on life insurance at December 31, 2019.

22. Events Subsequent

Type I - Recognized Subsequent Events

Subsequent events have been considered through February 28, 2020 for the statutory statement issued on February 28, 2020.

The Company had no known reportable recognized subsequent events.

Type II - Nonrecognized Subsequent Events

Subsequent events have been considered through February 28, 2020 for the statutory statement issued on February 28, 2020.

On January 1, 2020, the Company will be subject to an annual fee under Section 9010 of the Federal Affordable Care Act ("ACA"). This annual fee will be allocated to individual health insurers based on the ratio of the amount of the entity's net premiums written during the preceding calendar year to the amount of health insurance for any U.S. health risk that is written during the preceding calendar year. A health insurance entity's portion of the annual fee becomes payable once the entity provides health insurance for any U.S. health risk for each calendar year beginning on or after January 1 of the year the fee is due. As of December 31, 2019, the Company has written health insurance subject to the ACA assessment, expects to conduct health insurance business in 2020, and estimates its portion of the annual health insurance industry fee to be payable on September 30, 2020 to be \$19,572,000. This amount is reflected in special surplus. This assessment is expected to impact risk based capital ("RBC") by 15%. Reporting the ACA assessment as of December 31, 2019, would not have triggered an RBC action level.

On January 22, 2018, Public Law No: 115-120 was signed into law and it imposes a moratorium on the health insurer fee for calendar year 2019. As a result, there was no annual health insurance industry fee payable on September 30, 2019 and there were no amounts reflected in the Company's aggregate write-ins for special surplus funds related to this payable at December 31, 2019. There was also no resulting impact to the Company's RBC to assess as of December 31, 2019 as a result of this suspension.

The Administrative Services Agreement by and between the Company and AHM was amended effective January 1, 2020 and approved by Missouri Department of Commerce and Insurance on September 26, 2019. The amendment allows other affiliates to provide services in accordance to a schedule of services and fees.

23. Reinsurance

Effective April 1, 2016, the Company entered into a quota share reinsurance agreement with Fresenius Medical Care Reinsurance Company (Cayman) LTD (“Fresenius”), an affiliate of Fresenius Medical Care Holdings, Inc., covering Medicare Advantage Plans. Under this agreement, the Company will cede to Fresenius and Fresenius shall reinsure 100% of eligible expenses incurred per program participant per agreement year. The Company paid reinsurance premiums of \$3,061,528 in 2019 and \$3,104,964 in 2018 related to this agreement. The Company realized net reinsurance recoveries of \$3,484,537 in 2019 and \$2,850,281 in 2018 related to this agreement. Total funds withheld attributable to this agreement were \$299,398 and \$264,395 at December 31, 2019 and 2018, respectively, as reported in the Balance Sheets.

Effective February 1, 2014, the Company entered into a Quota Share Reinsurance Agreement with an affiliate, Coventry Health Care of Illinois, Inc. (“CHC-IL”), indirectly a wholly-owned subsidiary of CVS Health. In consideration for the performance of the agreement, the Company shall pay the CHC-IL 100% of the amount the Company receives from CMS for the Illinois Medicare HMO membership which was \$97,483,574 and \$83,152,888 for the years ended December 31, 2019 and 2018, respectively, and is included within premium revenue. The CHC-IL accepts as reinsurance from the Company 100% quota share participation with respect to any losses which was \$76,638,285 and \$77,265,895 for the years ended December 31, 2019 and 2018, respectively, and is included within health benefits expense. This agreement was terminated on January 1, 2020.

A. Ceded Reinsurance Report

Section 1 – General Interrogatories

(1) Are any of the reinsurers, listed in Schedule S as non-affiliated, owned in excess of 10% or controlled, either directly or indirectly, by the company or by any representative, officer, trustee, or director of the company?

Yes () No (X)

If yes, give full details. N/A

(2) Have any policies issued by the company been reinsured with a company chartered in a country other than the United States (excluding U.S. branches of such companies) that is owned in excess of 10% or controlled directly or indirectly by an insured, a beneficiary, a creditor or an insured or any other person not primarily engaged in the insurance business?

Yes (X) No ()

If yes, give full details.

Fresenius is located in the Cayman Islands and is an affiliate of Fresenius Medicare Care Holdings, Inc. (not primarily engaged in the insurance business).

Section 2 – Ceded Reinsurance Report – Part A

(1) Does the company have any reinsurance agreements in effect under which the reinsurer may unilaterally cancel any reinsurance for reasons other than nonpayment of premium or other similar credit?

Yes () No (X)

NOTES TO FINANCIAL STATEMENTS

- a. If yes, what is the estimated amount of the aggregate reduction in surplus of a unilateral cancellation by the reinsurer as of the date of this statement, for those agreements in which cancellation results in a net obligation of the reporting entity to the reinsurer, and for which such obligation is not presently accrued? Where necessary, the reporting entity may consider the current or anticipated experience of the business reinsured in making this estimate. \$0.
 - b. What is the total amount of reinsurance credits taken, whether as an asset or as a reduction of liability for these agreements in this statement? \$0.
- (2) Does the reporting entity have any reinsurance agreements in effect such that the amount of losses paid or accrued through the statement date may result in a payment to the reinsurer of amounts that, in aggregate and allowing for offset of mutual credits from other reinsurance agreements with the same reinsurer, exceed the total direct premium collected under the reinsured policies?

Yes () No (X)

If yes, give full details. N/A

Section 3 – Ceded Reinsurance Report – Part B

- (1) What is the estimated amount of the aggregate reduction in surplus, (for agreements other than those under which the insurer may unilaterally cancel for reasons other than for nonpayment of premium or other similar credits that are reflected in Section 2 above) of termination of ALL reinsurance agreements, by either party, as of the date of this statement? Where necessary, the company may consider the current or anticipated experience of the business reinsured in making this estimate. \$0.
- (2) Have any new agreements been executed or existing agreements amended, since January 1 of the year of this statement, to include policies or contracts that were in force or which had existing reserves established by the company as of the effective date of the agreement?

Yes () No (X)

If yes, what is the amount of reinsurance credit, whether an asset or a reduction of liability, taken for such new agreements or amendments? N/A.

- B. The Company did not have uncollectible reinsurance at December 31, 2019 or 2018.
- C. The Company did not have any commutation of ceded reinsurance at December 31, 2019 or 2018.
- D. The Company's certified reinsurer's rating has not been downgraded or its status subject to revocation at December 31, 2019 or 2018.

24. Retrospectively Rated Contracts and Contracts Subject to Redetermination

- A. Through annual contracts with CMS, the Company offers insurance plans for Medicare-eligible individuals through the Medicare Advantage program. Members typically receive enhanced benefits over standard Medicare fee-for-service coverage, including reduced cost-sharing for preventative care, vision and other non-Medicare services. Members also typically receive coverage for certain prescription drugs, usually subject to a deductible, co-insurance and/or co-payment. The revenues ultimately received by the Company for each member are based on that member's health status and demographic characteristics, as determined via the CMS risk adjustment process, under which the Company regularly submits risk adjustment data to CMS. As such, at December 31, 2019, the Company records a receivable for future revenues that it expects to receive from CMS in the third quarter of 2020, after the final reconciliation of risk adjustment data for contract year 2019 is complete. The Company estimates this receivable by taking into account risk adjustment data for contract year 2019 submitted to CMS prior to December 31, 2019, as well as its estimate of the impact of risk adjustment data for contract year 2019 that will be submitted prior to the appropriate regulatory deadline in early 2020. These amounts are recognized in 2019 as premiums under contracts subject to redetermination. In addition, the Company's Medicare Advantage contracts are subject to retrospective rating provisions under which the Company and CMS share in amounts above and below agreed-upon target medical benefit ratios.

Premium revenue subject to the minimum MLR rebate requirements of the ACA is recorded net of the estimated minimum MLR rebates for the current calendar year. The Company estimates the minimum MLR rebates by projecting MLRs for certain markets, as defined by the ACA, for each state in which the Company operates. The claims and premiums used in estimating such rebates are modified for certain adjustments allowed by the ACA and include a statistical credibility adjustment for those states with a number of members that is not statistically credible.

- B. Accrued retrospective are recorded through premiums and are estimated based on calculations that compare the Company's expected financial results for the contract against the appropriate medical benefit ratio target.

C. Contracts Subject to Retrospective Rating Features

The Company had net premiums written of \$871,172,831 and \$894,539,807 related to its agreements with CMS for the years ending December 31, 2019 and 2018, respectively, representing 100% for 2019 and 100% for 2018 of total premium revenue.

NOTES TO FINANCIAL STATEMENTS

The Company had net premiums receivable of \$27,398,754 and \$27,564,271 related to its agreements with CMS at December 31, 2019 and 2018 respectively, representing 100% for 2019 and 100% for 2018 of total premiums receivable.

E. Risk Sharing Provisions of the Affordable Care Act (ACA)

(1) Did the reporting entity write accident and health insurance premium which is subject to the ACA risk sharing provisions (YES/NO)? Yes [] No [X]

(2) through (5): Not applicable.

25. Change in Incurred Claims and Claims Adjustment Expense

The following table shows the components of the change in claims unpaid, unpaid claims adjustment expense and aggregate health claim reserves for the years ended December 31, 2019 and 2018.

	2019	2018
Balance, January 1	\$ 65,591,300	\$ 65,165,492
Health care receivable	(3,331,142)	(2,968,330)
Balance, January 1, net of health care receivable	62,260,158	62,197,162
Incurred related to:		
Current year	740,842,276	704,546,033
Prior years	(13,149,165)	(12,403,414)
Total incurred	727,693,111	692,142,619
Paid related to:		
Current year	682,196,594	651,331,384
Prior years	45,617,085	40,748,239
Total paid	727,813,679	692,079,623
Balance, December 31, net of health care receivable	62,139,590	62,260,158
Health care receivable	4,797,842	3,331,142
Balance, December 31	\$ 66,937,432	\$ 65,591,300

A. Reserves as of December 31, 2018 were \$65,591,300. As of December 31, 2019, \$45,617,085 has been paid for incurred claims and claim adjustment expenses attributable to insured events of prior years. Reserves remaining for prior years are now \$6,825,050 as a result of re-estimation of unpaid claims and claim adjustment expenses. Therefore, there has been a \$13,149,165 favorable prior-year development since December 31, 2018 to December 31, 2019. The decrease is generally the result of ongoing analysis of recent loss development trends. Original estimates are increased or decreased, as additional information becomes known regarding individual claims. Included in this decrease, the Company experienced \$13,028,275 of favorable prior year claim development on retrospectively rated policies. However, the business to which it relates is subject to premium adjustments.

NOTES TO FINANCIAL STATEMENTS

B. There has been no significant change in the Company’s methodologies and assumptions used in calculating the liability for unpaid claims and claim adjustment expenses.

26. Intercompany Pooling Arrangements

The Company did not have any intercompany pooling arrangements at December 31, 2019 or 2018.

27. Structured Settlements

The Company did not have any structured settlements at December 31, 2019 or 2018.

28. Health Care Receivables

A. Pharmaceutical Rebate Receivables

The Company receives pharmaceutical rebates through an agreement with AHM. AHM has contractual agreements with pharmaceutical companies for rebates, which cover the Company's membership as well as the membership of other Aetna affiliates. The Company receives those rebates from AHM that relate to the Company's membership. The Company estimates pharmaceutical rebate receivables based upon the historical payment trends, actual utilization and other variables. Actual rebates collected are applied to the collection periods below, using a first in first out methodology. At December 31, 2019 and 2018, the Company had pharmaceutical rebate receivables of \$4,797,842 and \$3,331,142, respectively (refer to the Company's accounting practices related to pharmaceutical rebate receivables in Note 1).

The following table discloses the quarterly revenue and subsequent cash collections relating to the pharmaceutical rebates discussed in Note 10.

Quarter	Estimated Pharmacy Rebates as Reported on Financial Statements	Pharmacy Rebates as Billed or Otherwise Confirmed	Actual Rebates Received Within 90 Days of Billing	Actual Rebates Received Within 91 to 180 Days of Billing	Actual Rebates Received More Than 180 Days After Billing

B. Risk sharing receivables

The Company did not have any admitted risk sharing receivables at December 31, 2019 or 2018.

Other receivables

Pharmacy Direct and Indirect Remuneration (“DIR”) Generic

The Company receives retrospective generic performance network rebates (“PNR”) on its Medicare business through an agreement with AHM. AHM has contractual agreements with network pharmacies for PNR. The PNR is performance based upon whether the participating pharmacies have met certain pre-established rates specified in the contract. The PNR is calculated by multiplying the applicable claims with a variable network rate based on the actual performance. The PNR receivables fit the category of other health care receivables per SSAP No. 84, *Health Care and Government Insured Plan Receivables*.

Pharmacy DIR Brand

The Company receives retrospective brand PNR on its Medicare business through an agreement with AHM. As mentioned above, AHM has contractual agreements with network pharmacies for PNR. The program collects varying percentages of brand ingredient cost from pharmacies, depending how well they perform on adherence measures, including stars-related measures. The PNR agreement for 2019 has three performance measurement periods ending April 30, August 31 and December 31, respectively. The PNR receivables fit the category of other health care receivables per SSAP No. 84, *Health Care and Government Insured Plan Receivables*.

29. Participating Policies

The Company did not have any participating policies at December 31, 2019 or 2018.

GENERAL INTERROGATORIES

30. Provide the following information for all short-term and long-term bonds and all preferred stocks. Do not substitute amortized value or statement value for fair value.

	1	2	3
	Statement (Admitted) Value	Fair Value	Excess of Statement over Fair Value (-), or Fair Value over Statement (+)
30.1 Bonds	182,961,310	190,531,803	7,570,493
30.2 Preferred stocks	0	0	0
30.3 Totals	182,961,310	190,531,803	7,570,493

30.4 Describe the sources or methods utilized in determining the fair values:
Fair value of long term bonds and preferred stocks are determined based on quoted market prices when available, fair values using valuation methodologies based on available and observable market information, or by using matrix pricing. If quoted market prices are not available, we determine fair value using broker quoted or an internal analysis of each investment’s financial performance and cash flow projections. Short-term investments are carried at amortized cost which approximated fair value. The carrying value of cash equivalents approximated fair value.

31.1 Was the rate used to calculate fair value determined by a broker or custodian for any of the securities in Schedule D? Yes [] No [X]

31.2 If the answer to 31.1 is yes, does the reporting entity have a copy of the broker’s or custodian’s pricing policy (hard copy or electronic copy) for all brokers or custodians used as a pricing source? Yes [] No []
